

# ZIMBABWE SOLAR AND REFORESTATION PROJECT

---

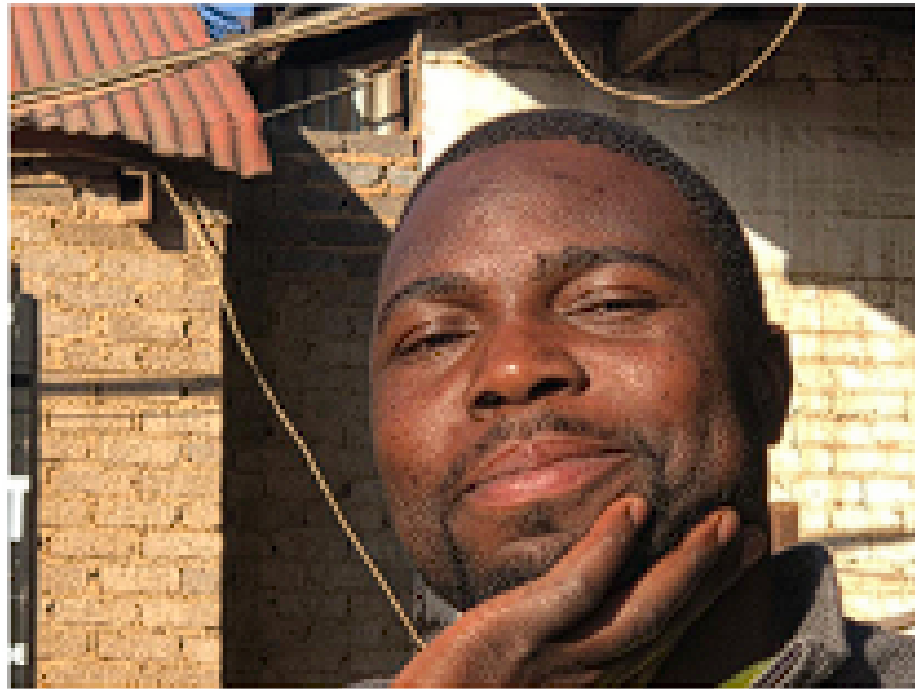

**"Empowering Villages through Solar Oven  
Making: A Journey of Sustainability, Prosperity,  
and Reforestation"**

**This is the generation  
that will reap the  
rewards of reforestation.**

This is the lion sculpture that they made together and that helped create their friendship.

This is the man who will ensure the reforestation of Zimbabwe and more.

Here's the start up team.  
Size don't matter  
LOL.

## HELP THIS SOLAR OVEN PROJECT

### About the project:

Obry (the man above) is creating  
a prototype solar oven  
that will help prevent further  
destruction of the forest.

Any contributions will be  
very much appreciated.
